

UNIVERSITY MEDICAL CENTER OF SOUTHERN NEVADA
RFP NO. 2011-22
Legal Services – Governance Structure

September 20, 2011

ADDENDUM NO. 1

Questions and Answers

- Q1 In Section 16, Section A, Number 6, we'd like to clarify that this question excludes any payments that may have been made as part of receiving medical treatment from a UMC physician.**
- A1 Your assumption is correct. You do not have to include payments made to a UMC physician as part of receiving medical treatment. Please include payments made to physicians as part of providing professional services, promotional services, or other services not related to direct patient care of you, a family member, or a member of your firm.
- Q2 Are you making available any UMC financial records to the PROPOSERS, which may be helpful in recommending an approach and concept? If so, could you please let me know how to obtain those records and what records are available?**
- A2 UMC financial records are public record and can be requested by contacting Jim Haining via email with a specific request by fiscal year.
- Q3 Will preference be given to proposers based in Nevada or those who partner with a Nevada-based firm?**
- A3 The evaluators will be primarily looking for prior experience in public hospital governance restructuring. They will also consider the location of the firm.
- Q4 What necessary steps need to be taken with the Owner/UMC if the proposer decides to partner with another law firm? Is there additional documentation required?**
- A4 UMC/Owner will need to provide written approval of the use of a law firm to which the proposer proposes to subcontract the work/services. Preferably this information will be submitted in your proposal.

The RFP Opening date of September 30, 2011, 2:00:00 p.m. remains unchanged.
